

Participation in the COVID-19 vaccination programme at Saxon schools

This form enables you to register your non-binding interest in voluntary participation in the Coronavirus SARS-CoV-2 vaccination programme at your school or a school near you.

You can also specify parents and family members wanting to get vaccinated against COVID-19 as part of the school vaccination programme.

All you have to do to submit the completed form is hand it to the class teacher or your school's administration.

The mobile vaccination teams need to know the number of interested students in order to plan the vaccination. The survey is anonymous; please do not provide any names or sign the form. Please also submit a separate form for each child.
